

Wisconsin Society of Addiction Medicine

A Chapter of American Society of Addiction Medicine

MARCH 2021

2021 Buprenorphine X-Waiver Training Series

The Wisconsin Society of Addiction Medicine is hosting the X-Waiver Training Series for the third year in a row. WISAM partners with the Wisconsin Department of Health Services in order to offer these trainings for FREE to all Wisconsin providers who are eligible to prescribe buprenorphine. The partnership continues with the American Society of Addiction Medicine in order to provide the ASAM Treatment of Opioid Use Disorder Course (TOUD).

This series is designed to increase treatment capacity for opioid use disorders by training more prescribers to be able to treat opioid use disorders with buprenorphine. This live course has been approved by the Wisconsin Medical Examining Board as meeting the requirements for the two-hour continuing education course on responsible opioid prescribing per Med 13.03(3) of the Wisconsin Administrative Code.

Access Recordings, Claim CME

The 2020 Virtual Conference Series consisted of three days with 4-5 live sessions available each day. In order to view the recordings and claim credit, [register on our website](#). You will then be provided the link to access the recordings. To view the conference schedule and list of presentations/ speakers, [please click here](#). Contact us with any questions you may have. These recordings are available to view and claim credit for until October 2021.

WISAM Open Exchange

Join us monthly for WISAM's "Open Exchange" virtual series for discussion on issues affecting one's practice,

patient care or the overall addiction medicine landscape. The teleconference calls serve as an open forum for members and non-members alike to informally interact with WISAM leaders. Visit our website for more information on our schedule and upcoming topics!
